

## SENATE AND HOUSE

Business to Be Transacted During the Present Week.

### ALASKAN SEAL EXTERMINATION.

Cuban Question Revived Today—Senator Turpie Speaking in Opposition to the Seating of Mr. Dupont—Arizona Land Bill—Contests in the House to Be Disposed of This Week.

WASHINGTON, March 9.—The Cuban question was revived in the senate today on the proposition to accept the report of the conference committee agreeing to the house resolutions. There is little doubt that the house resolutions will be agreed to.

The Dupont Delaware election case will also continue to receive attention during the week. Senator Turpie speaks today in opposition to the seating of Mr. Dupont and will be followed, when opportunity affords, by either Senator Pritchard or Senator Chandler for Dupont. It is not believed that the debate on this question will be concluded during the present week.

The bill to prevent the extermination of the Alaskan seals has been made the special order for Thursday next, but whether it will be taken up at that time will probably depend upon whether an amicable arrangement can be made concerning the Dupont case. There is no disposition on the part of the managers of the seal bill to prevent continued consideration of the Dupont matter. The seal bill will provoke discussion when reached. It is understood to be Senator Morgan's purpose to discuss it at length.

Senator Butler has given notice of a speech on Wednesday on his bill to prohibit the further issuance of government bonds.

If the committee on public lands gets in its report on the Arizona land bill, recommending its passage over the president's veto, it may be taken up and it will probably arouse considerable discussion.

### HOUSE FORECAST.

Postoffice and Naval Appropriation Bills. Contests For Seats Coming Up.

WASHINGTON, March 9.—The house this week will continue work on the appropriation bills and dispose of one and possibly two of the pending contested election cases. The postoffice appropriation bill will, it is thought, be passed today. The naval appropriation bill is the next supply bill in order. During the next week the Aldrich-Robbins case from the Fourth Alabama district, the report of which is against the Democratic contest, will be called up, and if time is offered the report of the committee in the Benoit-Beaune case from the Fifth Louisiana, declaring the seat occupied by Mr. Beaune vacant, will also be acted upon.

### REAR ADMIRAL WALKER DEAD.

First Officer to Voluntarily Retire in Favor of Younger Men.

NEW YORK, March 9.—Rear Admiral Henry Walker died at his home in Brooklyn yesterday afternoon. He had been suffering since Tuesday last from a severe attack of the grip, but the immediate cause of death was heart failure. The family physician had very little hopes of his recovery and the family was prepared for the worst. For some time before he passed away he was unconscious. He leaves a widow, three sons and two daughters.

Henry Walker was born in Virginia 88 years ago. His father, Anthony Walker, was a college student at Yale with John C. Calhoun. When quite young the deceased was taken to Ohio, receiving his education at the Chillicothe academy. In 1827 he became a midshipman in the navy, being assigned to the frigate *Alert*, under the command of Lieutenant Farragut. He was present at the surrender of Vera Cruz, during the Mexican war, being executive officer of the brig *Vesuvius*. During the war of the rebellion he commanded the gunboats *Taylor* and *Lexington* and protected General Grant's army while it was making its retreat on the transports. He was also at the battle of Fort Henry in charge of the gunboat *Carondelet*. He was successful in getting the *Carondelet* past Island No. 10 on April 4, 1862, while the enemy's shot fell on it like hail. For this piece of work the commander was honorably mentioned. In 1863 for his bravery he was made captain. In 1865 he was promoted to rear admiral. One year later he retired, having the proud distinction of being the first officer to do so voluntarily to give the younger men a chance.

### Burned by Boiling Tar.

NEW YORK, March 9.—Five workmen, employed by the Standard Oil company at Bayonne, N. J., were severely burned yesterday by the overflow of boiling tar from one of the big tanks at the company's yards. The men were working at stills from which the tar oil was being pumped into a tank. The tar boiled over the sides of the tank in a torrent and flooded the floor. It was found impossible to close the pipes and the men made a dash to escape. The boiling fluid poured over them, however, before they could get away. No one was fatally injured, but all received very serious burns.

### Death From Old Age and Grief.

GREENSBURG, Ind., March 9.—Mrs. Charles Andrews died at Clarkburg Saturday of old age and grief over the death of her husband, who died a week ago.

## DEPOSED COMMANDER.

Ballington Booth and Wife Given a Reception in New York.

NEW YORK, March 9.—The inaugural step made by Ballington Booth and his wife, Mand Booth, the deposed commander of the Salvation Army in America, in a rival organization met with success last night. Cooper Union was the scene where the first gun was fired. Every seat in the big auditorium was occupied. Shortly after 7 o'clock and before the vast audience had time to be seated, Captain Schneider of the Bowery corps sprang on a chair on the platform and waved an American flag. The audience cheered lustily as they sprang to their feet and the utmost enthusiasm prevailed. Order had scarcely been restored when Major Peter Glenn, who was among the first of the officers to tender his resignation after Eva C. Booth had taken command, appeared on the platform waving an American flag and placed a life-size crayon painting of George Washington on an easel in front of the speaker's table. This was the signal for renewed outbursts of applause. There was some music and considerable singing and the customary religious invocations, after which Ballington Booth rose and in part said:

"Mrs. Booth and myself have not come here to allude to the recent sad trouble. It is quite true we have after mature deliberation decided to inaugurate a new movement. Could we have avoided it, it would most assuredly have been done on our part, but recognizing that the great American people believed that we had done a great work during the past nine years and would not listen to the protest that we would retire into private life.

"I believe that the failure of so called religious organizations of the present day that they do not come down to the living places where Jesus Christ wants to be represented. There is at least 46 percent of the wage earning populace of the community who are not identified with any church or place of religious worship. It is there we want to reach and extend to them the love that inspired the Nazarene on the streets of Jerusalem, nearly 1,900 years ago.

"Oh, how much hateology and how little heartology there is today. Mrs. Booth and myself have within the last few days been reading the history of that great American soldier, George Washington, whose portrait stands on this platform tonight. We thought of him and his goodness and love for Christ as he turned away for a moment from the frightful scenes of Valley Forge and repaired to the woods where he knelt in prayer to the God of his country."

### STREETCAR ACCIDENT.

Switch Became Turned and Cars Crash Together—Several Injured.

ST. LOUIS, March 9.—A disastrous collision occurred about 5 o'clock last evening on the newly completed Kirkwood electric railroad, which connects the suburban town of Kirkwood, 10 miles out, with this city. Both cars were badly smashed and 36 passengers received injuries more or less serious. Five of these are thought to have been fatally hurt.

### Man and Baby Found Dead.

CHICAGO, March 9.—The bodies of an old man and a baby, evidently recently murdered, were found in an alley in Hyde park yesterday. Cardinal Sattoli was honored and cheered by thousands of Kansas City Catholics turning out to hear and greet the distinguished visitor. The cathedral was crowded to the doors to witness him celebrate pontifical mass and bestow the pontifical blessing.

## OFFER TO HELP SPAIN

Military Officers, Including Englishmen, Tender Their Services.

### SUBSCRIPTION FOR A WARSHIP.

Official Belief, However, Is That No Conflicts Will Occur—Wealthy Spaniards Offering Money to the Government. Queen Regent Was Cheered—Turbulent State in Valencia.

MADRID, March 9.—Several foreign military officers, including some Englishmen, have offered their services to the Spanish minister of war, Senor Marcelo de Azcarra, in the event of war between Spain and America. The official belief, however, is expressed that no conflict will occur. Patriotic demonstrations have occurred throughout the country since the action of the United States congress on the Cuban question and many wealthy Spaniards are offering money to the government. Several towns also have sent messages offering goods and the lives of their citizens in defense of the country. The shipowners of Seville have offered to place 50 steamers at the disposal of the government. In the Basque province a subscription has been opened to present a warship to the government.

The disorders have ceased in this city and the state of Madrid has been tranquil since the university was closed.

The gendarmes dispersed a crowd who were cheering in front of the French consulate in Barcelona as an expression of a hope for a Franco-Spanish alliance.

### EULALIE DESIRES PEACE.

Prays God That Cordial Relations May Never Cease.

NEW YORK, March 9.—The World today publishes the following copyright dispatch from Infanta Eulalie of Spain: Sweet remembrance of the affectionate reception given to me by the people of the United States when I went to their country.

INFANTA EULALIE.

Infanta Eulalie, at the festivities in honor of Columbus, lives and ever will live in my heart.

During those festivities strong proofs of mutual esteem were given by both countries.

I became convinced, and still am persuaded, that never, never should that traditional friendship be broken, much less should peace be disturbed.

Being apart from affairs of state, I can only pray God fervently that cordial relations between the two countries may never cease.

EULALIE.

### Meeting Held in a Bullring.

VALENCIA, March 9.—This city was again in a turbulent state yesterday over the condition of the relations between Spain and the United States. A mob gathered and was proceeding toward the American consulate with the intention of causing a disturbance there, but a force of police and gendarmes opposed their passage through the streets. A desperate struggle ensued and several persons were wounded, including a gendarme. The mob succeeded in entering the Plaza de Toros by destroying the gates leading to the bullring. They then held a meeting in the arena. A state of siege was proclaimed.

MADRID, March 9.—The United States Minister, Mr. Taylor, has refused the resignations of Spaniards acting as United States consuls when they were written in Spanish on the ground that that language is not the official language of the United States.

## MUST GO TO KENTUCKY.

Blue Grass Authorities to Get Possession of Pearl Bryan's Slayers.

CINCINNATI, March 9.—Sheriff Plummer of Newport, Ky., Saturday demanded possession of Scott Jackson and Alonzo Walling, held in the jail here for the murder of Pearl Bryan Jan. 31. They were indicted recently by the grand jury of Campbell county, Ky., and Governor Bushnell of Ohio honored the requisition of Governor Bradley of Kentucky for the prisoners two weeks ago. The men had charges against them here also, but these were dismissed in order to have the prisoners transferred to the county where Pearl Bryan was killed. The attorneys of the prisoners contested the extradition, and on the regularity of these papers the arguments before Judge Backwater began Saturday morning. The hearing proceeded with no such demonstration as those around the courthouse and jail, when the same cases were called. Judge Backwater overruled all objections to the delivery of Jackson and Walling and remanded them to the custody of Sheriff Plummer, but stayed proceedings under the order until next Saturday, in order to allow time for a hearing on a writ of habeas corpus, if desired by the prisoners.

### JAMES H. M'VICKER DEAD.

Stroke of Paralysis Ends the Career of the Veteran Theatrical Manager.

CHICAGO, March 9.—James H. McVicker, the veteran theatrical manager, who had a stroke of paralysis about a month ago, from the effects of which he never fully recovered, died Saturday afternoon at his home here. His death had been expected for days, although his family hoped he would survive for months.

Mr. McVicker was born in New York in 1825, of Scotch-Irish parentage. His first work was learning the printer's trade, but at the age of 18 he became a player and followed the profession with marked success. In 1855 he leased the People's theater in St. Louis, which he managed successfully until 1857, when he returned to Chicago and built what is called McVicker's today. Mr. McVicker's daughter, Mary, was Edwin Booth's first wife, but died many years ago. His only other child, Horace McVickers, is alive and in business in New York.

### Refused a Marriage License.

CARLEYS, Ills., March 9.—A young couple arrived here Saturday afternoon from Odin, Ills., and applied to County Clerk John C. Lamson for a marriage license. The official doubted the advisability of issuing the document, owing to the youthful appearance of the applicants. The would-be groom telegraphed to the young woman's mother for her consent, which promptly came. He also telegraphed Mayor Farthing of Odin, who replied that the young man was 23 years of age. Notwithstanding all this evidence the official still refused to grant the license, stating that more evidence was necessary. The young people gave their names as O. D. Duval and Theodora Bailey. They returned to their homes avowing that the clerk would hear from them in an emphatic manner later.

### ROB THE PENITENTIARY.

Convicts Receive Money and Liquors in Exchange For Goods.

WACHTON, Wis., March 9.—A wholesale robbery of the penitentiary contract firm by convicts in the Wisconsin prison has been discovered. Convicts engaged in the robbery received money, various luxuries and liquor in exchange for the goods. For some time past Warden Roberts has suspected that illicit traffic was being carried on and discoveries were made Saturday night which led to the arrest of Arthur Miller, a farmer living near the prison, and Fremont Fairbank, a farm hand.

R. C. Russell, a convict trusty employed as a farmhand, it is alleged, arranged, for other convicts, with Miller, to receive and dispose of socks from the knitting department of the penitentiary. Money, whisky and other articles received in exchange for the goods were divided among the convicts. Miller and Fairbanks confessed and told where large quantities of the stolen goods could be found. Russell was placed in solitary confinement and Miller and Fairbanks were held for trial.

### ANXIETY BEING FELT.

No News of the Steamer Rio de Janeiro With 156 People on Board.

SAN FRANCISCO, March 9.—The Pacific Mail Steamship company's big liner, the City of Rio de Janeiro, which left this port for the Orient heavily laden on Feb. 6, should have arrived at Yokohama on Feb. 23, yet not a word has been heard from her. At least the agents of the company declare they have received information of no sort regarding the steamer's welfare or whereabouts since she glided out of the bay. The New York office of the company has been wired incessantly by the local agents, but the reply comes regularly and monotonously that as yet nothing has reached them by cable concerning the vessel.

She left here with 156 people on board all told. Of these four were cabin passengers and there were in the steerage 10 Europeans, 10 Japanese and 22 Chinese. The crew consisted of 30 white people and 59 Chinese.

The one theory upon which the companies agree in basing their greatest hopes is the Rio, by force of bad weather or other circumstances, was compelled to pass Yokohama without making her usual stop there. This would not be considered an altogether unusual occurrence. It has happened several times during the past 12 years to other steamers in the service of the company. Should this be the case there will be a still longer period of anxiety, for nothing can possibly be heard from her in that event until she reaches Hong Kong. Many shipping men feel hopeful that she will shortly be reported from the Chinese port.

**Typhoid Fever.**

Typhoid is now admitted by all scientists to be caused by a venom microbe that swarms by the million in the tissues of the small intestines, producing fever, delirium, extreme prostration, putrefaction and death. The medical profession has earnestly sought a reliable antidote for this mortal plague and found none. Hence it is a bold, an almost startling claim, (a claim never before dared to be made for any remedy,) that Brazilian Balm, alone, will positively cure Typhoid

**TYPHOID BACILLUS.**  
Fever in any stage. This great discovery was the result of a woman's faith. Mrs. L. B. Bradley, of Wilmington, Del., believed the Balm would do almost anything. Hence she gave it in 5 drop doses, every three to five minutes, to a young lady in the last stage of Typhoid. She had been given up by the doctor, who said she could not live half an hour. To the surprise of all she quickly revived and recovered. Since then it has been used by laymen, nurses and physicians with uniform success. How it cures was then a mystery; but it is now fully settled that it promptly destroys every Typhoid bacillus in the system. It staunches the hemorrhage, heads the whole alimentary tract, and, instead of the slow, tedious convalescence, restores to health and strength with surprising rapidity. In short, it kills every condition of a perfect antidote for Typhoid. **Treatment:** Give 10 drops every 15 minutes while the fever rages, and once an hour when the fever is off, and give nothing else. During convalescence give 3 or 4 times a day. To prevent Typhoid give every hour.

Painesville, O., druggists say nothing has been offered in that town for years which is so popular and gives such universal satisfaction as Brazilian Balm. Nearly 400 bottles have been sold there in the last two months.

The news from all over Indiana as to Saturday's mass convention shows that they were all enthusiastic and largely attended.

NEVER were township conventions so largely attended as on Saturday in the republican mass convention. The workers of each district met at the designated offices and rooms chosen for them and filled the large list of delegates and alternates rapidly and completely.

Where four years ago the county committee or township committeemen had to fill up the list of delegates, often without alternates, each precinct this year was ably represented and a full delegation appointed by the proper parties. This is another encouraging sign that the times are right and republicans are ripe for victory.

THE two democratic editors of Putnam county looked down their noses last Saturday at the mass convention. They came there confidently expecting to see a small meeting, and a struggle to appoint enough delegates and then adjournment. In all of this they were fooled. They saw the house full of people—though we expect them to say there were only two dozen there—all full of enthusiasm; saw an earnest crowd fill all the delegateships with alternates, some of the meetings even having to resort to ballot in order to elect delegates; heard speeches full of patriotism and denouncement of democratic ways, and lastly a genuine love feast of good speeches and cheer. It was during this latter display of fireworks, enthusiasm and happiness that the democratic editors looked down their noses the hardest. The word had gone out from democratic headquarters that democrats should stay from the meeting so as not to swell the crowd so the democratic editors were nearly alone in their agony during the afternoon session. It was the hottest box they have been in this season of hot boxes for democracy, but it will not be their last. The people have a sweat box arranged for them that will be quite warm.

THE Grand delegate convention for the nomination of a republican county ticket will be held here on Saturday, April 18. Col Thompson will be with us.

**Colored Society.**

Misses Josie and Cora Ernest, Mamie Wildes, Mrs. Belle Moore and Hugh Horney, Hiram Collins and Andrew Freeman and lady will attend a cake walk in Brazil tonight. It will be a brilliant affair. Look out for Horney!

**Definition of a Damfool.**

A damfool is not a fool under the sun, but one who has crawled into a hole and left his heels yet in evidence. A fool is a harmless idiot; but a damfool is an idiot in the way of civilization, a fool, in fine, who dams civilization. Most folks have had spells of damfoolishness, but some people never get over it. —*Leviston Journal.*

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, upon taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through that imparts strength, vigor to the whole body. Read this letter:

**SATURDAY'S ACCIDENT.**

Particulars of the Sad Death of Milton Dobell.

The news of the accidental death of young Milton Dobell, son of Mr. and Mrs. J. T. Dobell, reached this office on Saturday just as we were going to press. The BANNER TIMES could not then verify the rumors nor learn the facts, but have done so since. Milton Dobell, Harry Harleman and Guy Brooks started to the country to visit a sugar camp south of the city. The three boys passed a friend's house on the way to the woods, and talked a while with him. While there another boy was examining the gun owned and carried by Harry Harleman. It is thought that it was at this time that the cartridge was placed in the gun, by the fourth boy, without Harleman's knowledge and that Harleman had cocked the weapon after starting.

To a reporter this morning Brooks stated that the three had just crossed a branch leading into the east end of the Greencastle Manufacturing Company's pond, and that he, Brooks, was slightly in the lead carrying a light rifle with Harleman between himself and Dobell, and that Harleman was carrying his own shot gun. He heard the report of Harleman's gun and at the same time heard him call, "Look out!" He turned just in time to see Dobell fall forward, shot in the back of the head. It is said that Harleman states that Dobell was slightly in front of him, and had stooped forward when his, Harleman's, gun was discharged. He does not know what caused the discharge. It is thought that he stumbled and perhaps had his finger on the hammer of the gun, allowing it to slip. There was not the least of ill feeling between the boys and they were not scuffling, as was at first reported.

The three boys had always been intimate friends and the sad death of one of their number will cast a gloom over the others for years. Harry Harleman is completely prostrated. Every one who is acquainted with the three speak in the highest terms of their characters. No one is blamed for the accident.

The funeral occurred this afternoon at 2:30 and was conducted by Dr. Hollingsworth, Rev. W. K. Weaver and Prof. Ogg. The grades attending No. 4 school building were dismissed for the day, Milton being a pupil in the seventh grade. His school mates expressed their sorrow at his death by attending the service in a body and still further by laying a floral design on the casket. They also sent a bouquet to their friend Harry as an expression of their sympathy for him in his grief for the accident. Milton was in his fifteenth year and was a favorite with all who knew him, being an exceptionally bright boy. The sympathy of the community is extended to Mr. and Mrs. Dobell whose loss of another bright son several years ago is remembered.

**Spring Fashions.**

The spring will be characterized by the prevalence of ribbons on all garments and especially on capes. Lace net crown pieces, embroidered in mock jewels, black spangles and jet, are very elegant for dressy bonnets or toques.

Round wide capes of cloth were trimmed with a neck ruche and jabot ends down the front, of changeable or chameleon taffeta.

Graduated loops of ribbon are a feature of hats that tend to broaden the effect, as they are placed in sets of three loops, one set on each side of the crown. Tigre aigrettes—one color striped with another—also tique aigrettes are innovations of the season. Black aigrettes tipped and decorated at the base with turquoise, constitute another diversion.

A new veil which promises to catch fashion's fickle fancy, has been introduced. It is a black net with white embroidery effect and applique border. Also a plain black having only the applique white border.

Louis Schwartz, of Chicago, is visiting A. Roth.

**HE ROARED,**

Did Superintendent Mark of the Poor Farm.

Willis Mark, of poor farm fame, was in town this morning and had aboard a six foot load of wounded feelings. He accosted the managing editor of the BANNER TIMES in commissioners court, having no respect for their session, and let loose his tale of woe. The BANNER TIMES agreed with the superintendent on the matter that appeared in last week's issue which matter was a mistake and was fully explained to the superintendent, as it was to the public last Friday. Had the irate superintendent stopped there there would have been no further war of words. But he made the statement the BANNER TIMES had hounded him for a year, that it had better be careful what it said hereafter, made threats and roared around like a wild bull. He was quieted down by Sheriff Gilwell, and brought to a realization of being decent in court. The BANNER TIMES then got in a word or two. The newspaper man quietly but firmly informed Mark that the BANNER TIMES would continue to "hound" him, as he called it, on all subjects it chose and at any time. That there was no string to its opinion and that it would criticize the poor farm management upon all occasions. Mark further wanted the newspaper man to go out and have a talk but the newspaper man suggested that they stay right there where everybody could hear it. Mark was then told by the BANNER TIMES that it would be better to take his troubles to one of the democratic papers of the county and let them talk for him, and if they could not keep up the democratic side of the fuss they had better start a third paper. Marks quieted down later and said all he wanted was the truth, which this paper will give him at all times if he reads it carefully. We would gently advise Mr. Mark that his troubles have just begun and that he may look from a shot from the BANNER TIMES whenever he deserves it, which, considering the past year of "hounding," will probably be frequently.

Democrats are sensitive this year, but we would further suggest to Mr. Mark that he have respect for commissioners court the next time he wants to bloat.

**A Just Criticism.**

Bloomington Telephone.

A new piece of music entitled the "Pearl Bryan Fate waltz, song and chorus" has been issued. This is about as inappropriate, unkind, sepulchral and ghoulish a name as could have been suggested. It is veritable ghost-dance music. Imagine a young lady who could enjoy an evening while whirling through the mazy evolutions of the dance to music named for the victim of one of the most atrocious and revolting crimes of the civilized world, and you have a picture of one who is morally dulled to all sense of respect for the dead and totally unconcerned regarding the opinions of the living.

**A Grievous Error.**

This is from the Madison Herald: "The reporter, in describing the belle of the ball, wrote that she wore various colored brooches; and that awful type slinger got it 'breeches.' The next day the editor and the entire staff took to the woods by the rear door as the lady's relatives swarmed up to the front door.

**Afflicted with Boils.**

South Bend, Ind., Feb. 26, 1896.—I was afflicted with boils several years ago. I began taking Hood's Sarsaparilla and in a short time they all disappeared. A SOUVENIR EDITION.

The Presbyterian Ladies will issue a Splendid Paper.

For several weeks the ladies of the Presbyterian church have been at work perfecting their plans for publishing a newspaper. They do not intend to go into the business as a permanent thing but propose issuing a paper to be known as the "Souvenir Easter Edition" of the BANNER TIMES. To this end the committee has been appointed and some hard and true journalistic work is being done. The subscription, business and editorial departments are in the hands of eminent committees and matters are shaping up for a successful venture. The paper will be handsomely printed on specially prepared paper, and will be something like the *Ladies Home Journal* in style and finish.

The following ladies will have the matter in charge: Editorial and managing committee—Miss Helen Hathaway, chairman, Mrs. Weaver, Mrs. Mattie Black, Mrs. H. C. Lewis, Mrs. G. C. Smythe. Advertising committee—Mrs. E. B. Evans, chairman, Miss Beckwith, Miss Daggy, Mrs. Kiefer, Miss Weik. Historical department, Mrs. Hammond editor, Mrs. L. P. Chapin, Miss Emma Jones, assistants. Women's department, Mrs. Weaver, editor, Mrs. Ruth Black, Mrs. Mathias, assistants. Children's department, Miss Belle Resor, editor, Miss Ida Black, Mrs. Christie, assistants. Men's department, Mrs. Root editor, Mrs. Waltz, Mrs. A. J. Wilson, assistants. Music and art department, editors, Miss Lizzie Goulding, Miss Rowley, Miss Janet Wilson.

Within the past few years the vaudeville stage has become decidedly popular and companies of this style of entertainment that are formed for touring the different cities are generally put together with even more carefulness than their legitimate brethren. It takes a pretty able manager to put together a company that will please the masses as nearly every person has dissimilar views and tastes. It is a very hard thing for a company to go through a long combination of comic and musical specialties without having some part of the entertainment fall flat upon the audience. So the superior merits of Fields and Hanson's Drawing Card which appear at the opera house next Wednesday, March 11, can be judged from that fact that from the rise of the curtain to the fall of the curtain there is not a specialty that does not cause laughter and applause. Fields and Hanson head the bill in their eccentric musical act, "Waiting for the Train" and the remainder of the company embrace a bouquet of the finest flowers of the vaudeville gardens. Next in importance to Fields and Hanson is that nonpareil of all comedians, Joe Flynn. The productions of this quaint artist are all bright, clear and original. It is not so much what he sings or says but the undecipherably droll manner in which he says it. Then there is Phyllis Allen the popular American contralto, who is quite a remarkable vocalist, Carroll and Hines, negro comedians, the DeForest sisters, singing soubrettes, Chas. F. Galetto and his monkeys, La Fleur the aerialist, Lator and Chester, Irish comedians, McCarthy and Reynolds sketch team and concluding with a side splitting afterpiece.

The supreme court Friday handed down a decision respecting the power of common councils in licensing vehicles. It is: When the common council is given power by statute to pass ordinances to regulate the use of streets by vehicles, by taxing and charging the owners thereof a license fee, the city has the power to so charge a non-resident of the city such a fee when he continually uses the streets in the pursuit of his business.

Fred Bryan is in receipt of a letter from Sheriff Plummer at Newport, in which that officer gives the pedigree of Allee Bell, the latest negro freak in the Bryan case. Bell borrowed \$10 and a gun, neither of which he returned. He is pronounced a great fraud, but Plummer advised the officers to have him locked up as a vagrant. ### Genuine Merit Wins.

At the annual session of the Indiana State Photographers association at Indianapolis last week, Nicholson Sons, the well known photographers of Crawfordsville and operating a gallery in this city, were awarded two first prizes. The competition was strong, about twenty-five exhibitors showing collections. The particular prizes won by Messrs. Nicholson were on large photographs and Paris panels. The fame of this firm of artists is not confined alone to Crawfordsville and Greencastle but extends to the surrounding cities and the recognition of true merit above mentioned by the State association is a very fitting one. Messrs. Nicholson do the best grade of work at all times and are thus able to establish and maintain a high reputation wherever their work is exhibited. d&w

### Maple Syrup.

The last three or four days were the best ever known to makers of maple syrup in this county. Camps visited yesterday found men at work in order to save the large run of water. Buckets could not be emptied fast enough and farmers are working day and night. Some say they would rather have a grove of sugar trees than an orchard of the same number of trees. The price is coming down as the production exceeds the demand to some extent. The best syrup commands the best price and it behooves the farmers to put in their best licks. In past years there has been entirely too much bad maple syrup marketed at high prices.

## What, if Not Miracles?

The great Four-C Remedy is doing work wherever introduced as nearly miraculous as it ever falls to the lot of any human agency to do (we will esteem it a favor for any one interested to write the persons whose names appear below or any one whose name may appear among these testimonials.)

There is actually more FORCE and "GET THERE" properties in a bottle of Four-C than in a gallon of ordinary cough medicine.

"In compounding it I have followed in no 'tricks' or used the prescription of no Dr. So-and-So of Amsterdam or London, or any other place. I owe its composition to no ONE IN SINGLE PARTICULAR. Neither is it made of herbs and roots dug in the dark of the moon in the jungles of Africa or South America."

The demand for the COUGH, COLD and CROUP CURE, and its WONDERFUL SUCCESS, has been ELECTRICAL. Nothing in the whole history of cough and cold medicines can compare with it.

No disease of the lungs seems able to resist its curative properties, as is well proven by the numerous cases of La Grippe Cured, Croup Cured, Tonsillitis Cured, Pneumonia Cured, Bronchitis Cured, Consumptives greatest help if not cure, Dry, Hacking, Harsh Coughs of weeks' and months' standing cured with from one to three doses.

Our aim is to convince the public of my sincerity and of the true merits of this remedy.

### NOTICE TO DRUGGISTS AND THE PUBLIC.

CONTRACT.—Druggists are authorized in ALL CASES TO RETURN THE PURCHASE PRICE of the Four-C Remedy (Cough, Cold and Croup Cure) to give satisfaction in Croup, Bronchitis, Asthma, La Grippe, Coughs and Colds, no matter how long standing, or deep seated, in fact I guarantee it in all manner Bronchial or Lung trouble, not as a Cure-All, but to give unbounded satisfaction. Give it a trial on the above condition. We take all chances.

TESTIMONY OF THE TRAVELING AGENT  
ILL. CENT. R. R.

MR. R. R. PHELPS: Your Four-C Remedy is certainly a REMARKABLE MEDICINE. TOO MUCH CANNOT BE SAID IN ITS FAVOR. My daughter suffered from an attack of LA GRIPPE that finally resulted in Tonsillitis, with ulceration of the throat. LESS THAN ONE BOTTLE EFFECTED A COMPLETE CURE.

GEO. E. HINES,  
392 57th Street, Chicago, Ill.

### READ THIS WONDERFUL TESTIMONIAL FROM AN EDITOR.

GENTLEMEN:—I believe it my duty to write you a line in regard to the beneficial effects of your "Four-C Remedy," so far as I am personally concerned. A week ago last Thursday I was taken with a very severe attack of La Grippe, and in a short time became so hoarse I could not speak above a whisper. I was confined to my bed the greater part of several days. The night previous I had coughed nearly the entire night; just before retiring I took a teaspoonful, and slept the entire night as sweetly as ever I did in my life, not coughing once. I was entirely relieved before taking one bottle. Phelps' Cough, Cold and Croup Cure should be in every household in the land. I send you this wholly unsolicited by any one, for you are benefactors of the race in giving it the antidote for some of the worst afflictions to which it is heir.

Yours very truly,  
G. J. NISBETT, Editor.

WEENJOY UNBROKEN REST AT NIGHTS.  
CHICAGO, November 23, 1893.

DEAR SIR:—As a rule I have been skeptical of the merits of proprietary medicines, but have to confess that a test of your Four "C" is convincing that at least one ready-made remedy is worthy of general use. My children all take it without the least objection, and it is particularly noticeable that benefit is almost immediate. A single dose will check most coughs in the beginning. We now enjoy unbroken rest at night. In my family Four "C" is simply indispensable, and I recommend it unqualifiedly.

Yours, etc.,  
J. B. HULING, 196 South Clark Street.

### ONE OF CHICAGO'S SOCIETY LADIES SAYS:

For years back each winter I have suffered with acute Laryngitis. Last winter was so bad I could not leave my room for two weeks or speak above a whisper. I tried every known cure preparation from cough drops up and down with no relief, then in desperation I was induced to try Phelps' Four "C". The first dose relieved my cough, giving me the first night's rest for weeks. Half the bottle cured me. I have never been without this wonderful remedy since. It is as different from other like remedies as molasses from vinegar or sugar from sand.

Four "C" is our leading remedy for La Grippe, Coughs, Colds, etc., and when purchased from us we will gladly refund money if it does not give satisfaction.

The '98 class meeting which was held in Plato hall Saturday afternoon was one of the liveliest ever held in old Plato. The purpose of the meeting was to elect *Mirage* officers for next year. There were two factions. Each was confident of success until the ballot was taken. After much filibustering the following officers were elected:

Editor-in-chief, Chas. Davis; 1st associate editor, Miss Duff; 2nd associate editor, Ray Wade; business manager, Arthur Hamrick; assistant business managers, Cooper and Morton; literary editor, Miss Verse, Miss Daniels; jokes and grins, Miss Yenne; assistant editor of jokes and grins, Tally; athletic editor, Stratton; faculty and departments, Miss Huestis; clubs and organizations, Hughes, alumni, Miss Fullhart; art, C. M. Smith. Mr. Davis was elected editor-in-chief over Mr. Wade by one majority and the president voting. Miss Duff was elected over Miss Cartwright only one vote. The election was a factional one from start to finish, and while we think we have a fair board elected we would have had a much better one if there had been no factions. Both sides agree that the winning ticket was only by the unfairness and filibustering of the chair. It was simply a case of ability versus numbers and the president on the winning faction. The '98 class will publish a *Mirage* all the same, and we believe the class will stand by the board without a single exception.

Frank Strouse was here yesterday.
